SUMMARY

Dr Matthew Links has an exceptionally broad range of qualifications, experience and achievements across the range of clinical care, quality improvement, basic and translational research and education in oncology. He has held leadership positions at local to national levels with experience in running a busy oncology department.

Dr Links was a founding member of the Cancer Council NSW Prime Cancer Pharmacogenetics Group. Since 2015, he has focused on building a platform for educational research.

Dr Links has a leadership role within Australia and New Zealand through his role on the Royal Australasian College of Physicians Education Committee, Adult Medicine Council, and as chair for continuing professional development.

Dr Links enjoys bike riding, laser sailing and yoga in his spare time.
